### **Spring Into Learning: WonderWorks Destiny Rewards Reading and Welcomes Field Trips This Month**

**SYRACUSE, New York - (April 6, 2026)** – WonderWorks Destiny is all about pairing fun with learning. “Edu-tainment” is the name of their game. All year long, locals and visitors alike come to WonderWorks to create memories, explore, and learn. This spring, WonderWorks is putting their love of education in the spotlight by celebrating reading, continuing education during National Library Week, and by kicking off an exciting field trip season, offering the ultimate educational experience.

“We’re excited to continue our partnership with Onondaga County Public Libraries to recognize the many wonders of reading!” said Jon Cascella, general manager at WonderWorks Destiny. “National Library Week is an event we look forward to every year. The library system is such an important part of our community, so it’s always fun to show how reading and STEAM go hand in hand.”

Spring is the season to hop into learning at WonderWorks Destiny. The indoor amusement park for the mind values education, and in the coming weeks, they’ll be welcoming guests to explore, be challenged, and learn something new while visiting the upside-down lab. WonderWorks kicked off local spring break by teaming up with the [Onondaga County Public Libraries](#) to highlight the power of reading. During a local book signing event, WonderWorks donated free tickets to the library to hand out to anyone who signed up for a new library card. Plus, the Onondaga County Libraries hosted several spring break activities for local students and families throughout spring break and were treated to other spontaneous ticket giveaways to WonderWorks.

Spring is also a great time for planning stay-cations and school field trips to Destiny USA. Spending some time at WonderWorks provides hours of educational fun for guests of all ages, making it the go-to spot for families and groups from across Central New York. With it being field trip season, the indoor amusement park will welcome hundreds of local students, teachers and chaperons in the coming months. Everyone will have the chance to dive into the many wonders of STEAM (science, technology, engineering, art, and mathematics) in a unique, fun, challenging, and memorable way.

The exhibits at WonderWorks are loved and enjoyed by many for the way they give young minds a chance to get hands-on experience that aligns with the topics they have been learning about in school. Students can explore themes related to physics, weather, sound, light, and more throughout WonderWorks’ exhibits. Pairing hands-on

experiences with classroom learning gives students a fun way to commit the information to memory and make learning an exciting part of their life.

Looking ahead to May 2026, WonderWorks Destiny will be bringing back their popular Teacher Appreciation Days, where all teachers and education support staff can register to visit the attraction for free, as a way to say “thank you” for all of their hard work. To get in on celebrating the end of the school year with this free admission, teachers can follow the WonderWorks [social media pages](#) to watch for info on registration when it opens.

WonderWorks Destiny offers a variety of educational programs and promotions throughout the year for local students and families to enjoy. It also offers group rates, birthday parties, homeschool days, and private event packages. They have over 100 interactive exhibits covering topics such as extreme weather, space exploration, light, sound, and more. They offer a youth art gallery, virtual roller coasters, a 4D XD Motion Theater, laser tag, the Canyon Climb Ropes Course, and more. For more information, visit the site at: <https://www.wonderworksonline.com/destiny>.

### **About WonderWorks**

WonderWorks, a science-focused indoor amusement park, combines education and entertainment into one venue. With over 100 hands-on exhibits, there is something unique and challenging for all ages. Feel the power of 71 mph hurricane-force winds in the *Hurricane Shack*. Make life-sized bubbles in the *Bubble Lab*. Get the NASA treatment and experience zero gravity in the *Astronaut Training Gyro*. Nail it by lying on the death-defying *Bed of Nails*. WonderWorks is in Orlando, Pigeon Forge, Panama City Beach, Myrtle Beach, Syracuse, and Branson.
