**Full STEAM Ahead! WonderWorks Myrtle Beach Celebrates National STEM Day with Fun Educational Activities.**

**MYRTLE BEACH, South Carolina - (October 29, 2024)** – National STEM Day is recognized annually across the United States on November 8. It's a day dedicated to spotlighting STEM (science, technology, engineering and mathematics) and recognizing its importance in young students' education. WonderWorks Myrtle Beach will celebrate this special event by having a day filled with interactive science experiments and demonstrations for all guests, giving science lovers of all ages a fun way to learn about intriguing science topics.

"It's time for another National STEM Day at WonderWorks! This is our favorite day of the year, because we're all about spreading a love of STEM throughout the community. Don't miss out!" said Robert Stinnett, general manager at WonderWorks Myrtle Beach.

On Friday, November 8, 2024, families can dive deeply into STEM topics at WonderWorks and see them in action, up-close. Throughout the facility, there will be interactive demonstrations and experiments that focus on a variety of STEM topics, including pressure, insulation, origami and more. In conjunction with the latest edition of the "I Think, Therefore I STEM" exhibit – focused highlighting a variety of STEM careers students can strive to obtain one day – a new marine-biology-themed experiment will also demonstrate how ocean currents work. Additionally, guests can explore the 100+ interactive exhibits that focus on subjects such as weather, light, sound, space and more.

Those fascinated by the English language will want to stop by the Word Up exhibit on STEM Day, as WonderWorks will unveil an updated version of the exhibit in partnership with Merriam-Webster Dictionary. The update will showcase several new words recently added to the dictionary, a new interactive word scramble, and details on how words are formed and officially added to the book.

"The team and I always have such an amazing time running science experiments on STEM Day!" said Kaitlin Barnes, education sales manager at WonderWorks Myrtle Beach. "It's a great opportunity for us to interact with our guests and give them a first-hand look at different science topics. We're excited to add a new ocean current demo to the lineup this year!"

WonderWorks Myrtle Beach aims to be a leader in providing unique, exciting learning opportunities for individuals and groups across the community. There are several educational opportunities that guests can explore at WonderWorks, including:

- [Field trips](#) – K-12 school groups can adventure through a uniquely thrilling and thought-provoking setting as they learn about STEM/STEAM topics. An educational scavenger hunt can be added to any group booking to further enhance student engagement and interaction. School groups should reserve their visit in advance to receive a discounted admission fee.
- [Student art contest](#) – Local students can submit artwork for a chance to have it displayed in the Wonder Art Gallery inside the upside-down house. The deadline to submit to work for this year’s contest is December 13, 2024, and the theme is “The Nature of STEM.”
- [Student achievement awards](#) – Beginning November 8, 2024, North and South Carolina teachers can nominate their students for WonderWorks’ annual WonderKids program. This program is focused on highlighting star student in the community. The winners will be invited to attend an exclusive Zoom presentation from a special guest speaker.

At WonderWorks, the indoor amusement park for the mind, guests of all ages can play laser tag, challenge themselves on the ropes course, hop into simulators, experience the 6D XD Motion Theater, and more. Those planning a visit should watch the attraction’s [Facebook page](#) for discount opportunities, special events, and exclusive offers. Located at 1313 Celebrity Circle, WonderWorks Myrtle Beach is open daily.
