WonderWorks

LET YOUR IMAGINATION RUN WILD!

WonderWorks began as a Top Secret research laboratory on a remote island in the Bermuda Triangle. As legend has it, the world's greatest scientists (led by Professor Wonder) were given the task of creating a man-made tornado and harnessing the POWER of it. During this experiment, something went awry and the power of the tornado was unleashed throughout the laboratory. This created a swirling vortex that was strong enough to rip the laboratory from its foundation. It was carried thousands of miles away and landed upside-down on top of a warehouse in Orlando, Florida. Remarkably, all of the experiments remained intact and functional. Visitors will step inside the inversion tunnel and be turned upside-down to begin their journey.

At WonderWorks, the unexplainable will come to life and the unusual will be the norm.

WHAT IS WONDERWORKS?

An indoor amusement park for the mind, combining education and entertainment to create an interactive and memorable experience for guests of all ages.
