DID YOU KNOW?

The WonderWorks upside-down laboratory is considered one of the most unusual and amazing buildings in the world!

The WonderWorks story

While working on an experiment to harness the power of a tornado, something went terribly wrong!

On a remote island in the mysterious Bermuda triangle, there lies a top-secret research laboratory led by Professor Wonder...

The power of the tornado was unleashed into the laboratory. The micro cyclone moved the building from its foundation. The tornado carried the lab hundreds of miles away where it finally landed upside-down...

The wind grew stronger than expected! Professor Wonder tried to stop the storm, but it was too late. The storm was too strong to be contained...
