Ignite Curiosity: Transformative Learning Experiences Await at WonderWorks Panama City Beach This Spring

Explore the Intersection of Fun and Education with Unique Events and Special Offers for Families, Students, and Educators!

PANAMA CITY BEACH, Fla. - (April 4, 2025) — Spring is in the air, making it a great time to plan some fun for the whole family. While WonderWorks Panama City Beach offers educational fun all year, they are excited to expand their focus on learning this spring. They will be offering numerous special events, ticket deals, and group offerings. Parents, caregivers, and educators will not want to miss all the fun happenings in the upside-down house this spring.

“Everyone from elementary school classes to college students to principals will have a blast at WonderWorks! We’ve got tons of exciting promotions on the calendar for all this spring,” said Amanda Hinzman, education sales manager at WonderWorks Panama City Beach.

WonderWorks Panama City Beach offers a range of activities and events everyone can enjoy. Their offerings are STEAM-inspired, which means they foster learning in science, technology, engineering, art, and mathematics. These are important topics for growing minds, as they help children become critical thinkers, more effective communicators, and better problem solvers.

Some of the special activities and events planned for Spring 2025 include:

- **Field Trips** – WonderWorks Panama City Beach is looking forward to the field trip season, with numerous school groups on the calendar visiting during the season. Field trips provide students with hands-on experiences to learn more about topics they have been studying in the classroom. This expands their learning experience while having a blast doing it. It's not too late for teachers to plan a field trip for this school year, which can be done [online](#).
- **College Days** – College students can snag great discount tickets through April 2025. WonderWorks Adventure tickets are only \$15, plus tax for college students who show their school ID at the door. WonderWorks provides an excellent place for college students to de-stress and have fun as their semester comes to an end.
- **National Library Week** – From April 6-12, 2025, those who sign up for their first library card at the Panama City Beach Public Library will receive a free ticket to WonderWorks in honor of National Library Week. The library will provide the tickets (available while supplies last), which must be shown along with the library card at the time of ticket redemption. This is a great opportunity to support this local library and dive into the wonders of reading!

- **Teacher Appreciation** – WonderWorks will hold its annual Teacher Appreciation Days in May 2025. As a way of saying "thank you" to educators, WonderWorks will give all teachers and school support staff a free admission ticket and the option to bring up to four guests at a discounted rate. This is a celebration of educators who inspire the next generation of thinkers, scientists, and leaders. Registration details for this promotion will be announced soon.

"It's spring break season across the U.S., and there's no better place to vacation than the beautiful Florida Panhandle!" said Darren Grooms, general manager at WonderWorks Panama City Beach. "Be sure to swing by the upside-down house for some indoor, air-conditioned fun for the whole family."

Imagine a spring break filled with unique indoor experiences, including hopping into a roller coaster simulator or creating bubbles the size of basketballs. This and much more make WonderWorks Panama City Beach a fantastic spring break destination spot. Be sure to bring a camera to capture the visit and add a little wonder to your social media feed.

WonderWorks Panama City Beach offers over 100 fun and educational exhibits and events year-round. They include laser tag, a ropes course, Xtreme 360 Bikes, other physical challenges, a virtual reality Grave Digger monster truck ride, the Bubble Lab, extreme weather experiences, a space discovery area, and an illusion art gallery. There are also plenty of team bonding activities for groups such as sports teams, summer camps, clubs, student activities excursions, etc. To get more information, purchase tickets, or reserve a group rate, visit the site at:
